Students should select the relevant standard pack for their year level. Students should then select extra stationery that is relevant to their additional subjects.

\*\*These items are standard requirements and students that do not already have them will need to purchase them.

Students in Year 9 and Year 10 will need an electronic device to be able to function fully in class. This needs to be more than a phone and have a proper keyboard (ie not a tablet).

We highly recommend a Chromebook because they are fast and effective on our network, reliable, light to carry and the batteries stay charged for longer. The wireless band needs to be an "a".
